

Respite care at Teresian House means scheduled short-term stay in a private room with nursing care, delicious meals and social activities provided. Our reputation for the highest quality of care offers comfort and peace of mind for caregivers. You deserve the chance to “Breathe Easy” and know that your loved one is in capable and caring hands.

The Community Outreach Grant Respite Program is available for persons inquiring about services offered on a short term basis (1 day and up to 12 days). The application, approval and acceptance process is similar to the long term care process except there is no waiting list.

Respite is scheduled for the specific dates requested once all required paperwork is received and approved by the admissions committee and as long as there is room availability.
