

TERESIAN HOUSE

Where the spirit of love and dedication lives...

August 4, 2021

COMMUNITY UPDATE

Visitation Suspended

Good afternoon. We are sending this information to you in an effort to keep you aware of situations impacting your loved ones.

A staff member who was not in the building called and reported that he was not feeling well, and was tested outside the facility. The staff member tested positive for COVID-19. The staff member is an activity aid and is fully vaccinated.

Teresian House policy requires that any member of the workforce testing positive will be ineligible to return to work until they have completed a period of quarantine and document a negative COVID test prior to returning.

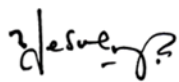

Outbreak testing is being conducted on Camel Gardens and visitation on that unit (west & east) is temporarily suspended, as required by New York State Department of Health.

Visitation on the unaffected units is temporarily suspended until outbreak testing is completed.

Please continue to practice infection control measures (hand washing, social distancing and wearing a mask).

We continue to maintain all infection control protocols to protect the safety and well-being of our residents.

Sincerely,

Frank K. Yeboah, Administrator.
